The Parrs are an ordinary American family... or are they? There are the parents: Helen and Bob. And three children: Violet, Dash and baby Jack-Jack. But they have a big secret: they are really superheroes, the Incredibles!

**Bob Parr** is Mr Incredible. He is extremely strong. He can run very fast and see and hear very well.

**Helen Parr** is Elastigirl. She is very flexible: she's elastic. She can transform into different objects: a parachute, a trampoline, a boat...

**The Parrs have a daughter and two sons.**

**Violet** is 14 years old. She is very shy. She can become invisible, and she can create force fields to protect her. She is also very intelligent.

**Dash** is ten years old. He can run very fast: 300 kilometres per hour! He is very agile and has incredible reflexes. Dash is very different from his sister Violet. He isn't shy at all: he's a show-off!

**Jack-Jack:** Violet and Dash's little brother is just a baby. His powers are a mystery.
